

Our Health & Safety Commitment to you

We are constantly monitoring the COVID-19 situation and we are taking direction from public health officials on what actions are required in order to protect our members, our team and the public in general. Team LeisureWorld are following the guidance of the Health Service Authority and the World Health Organisation to develop an effective sanitising regime. We have also engaged with Ireland Active and worldwide leisure industry bodies to ensure we have the most up to date information. Some of the additional measures that have been put in place include:

- Hand sanitisation stations at each of our sites, particularly at entrance at exit points
- Signage to raise awareness of hand washing and hand sanitisation
- Increased frequency and ongoing sanitation of all areas in particular; gym equipment, door handles, turnstiles and surface areas

We ask all of our members for support in the following precautions:

- Ensure you bring a sweat towel for your workout
- Arrive and leave in your gym gear as showers will be unavailable
- If you are experiencing any flu-like symptoms you should follow the HSE guidance and contact your GP and implement self-isolation until you are given the all clear
- Please use hand sanitisers on entering and exiting the building
- Please wipe down machines and weights after personal use
- Please use the soap provided when washing your hands
- When coughing, please do so into your elbow
